Part B · IT 204 Computer Programming 2

Reviewer code: _____ **Date returned:** _____ **Part A returned on:** _____

Before you start

- **Open this only after you have returned Part A.** Your Part A answers stand as you returned them.
- This form lists **30 proposed changes** to outcomes in **11 cases** of IT 204. Read the Part B reviewer guide first.
- The proposals were generated automatically by the syllabus-checking software while it was being tested. They are in no particular order, and identical proposals are shown once. None of them is endorsed by anyone. Judge each on its merits.
- If you cannot judge a proposal, tick **Cannot judge** and say why.
- Fill in this form in Microsoft Word or on paper, or use the response sheet `IT204-part-b-responses.csv`.

Course context

- **Course record** (*Synthetic: written for this review*): IT 204 Computer Programming 2 · BSIT · year 2 · computing. See R-CASES and R-CODES in the references.
- **Course description** (*Synthetic: written for this review*): "Object-oriented programming, data structures and the design, implementation and testing of programs in a modern language."
- **Curriculum placement** (*Transcribed: copied into the system, not confirmed by the institution*): The BSIT 2022-2023 curriculum transcribed in the system lists IT-204 COMPUTER PROGRAMMING 2(INTERMEDIATE PROGRAMMING) (year 2, 2nd semester, 2 lecture and 1 laboratory units, prerequisite IT 202). See R-BSIT and R-CODES.
- **Program outcomes in this course's cases** (*Synthetic: written for this review*): general wording written for this review, not BSIT's official outcomes. Judge them as written. The BSIT outcomes transcribed in the system are in R-BSIT.
  - Design, implement and evaluate computing-based solutions to meet desired needs.
  - Design and implement computing-based solutions to meet desired needs.
  - Analyze the local and global impact of computing on individuals, organizations and society.
  - Design solutions and communicate them effectively to technical and non-technical audiences.
  - Analyze the impact of computing on individuals, organizations and society.
  - Design and evaluate computing solutions for real problems.
- **Course learning outcomes that the ILOs in this course's cases build toward** (*Synthetic: written for this review*):
  - Design, implement and test object-oriented programs that solve given problems.
- **Expected graduate attributes** (*Transcribed: copied into the system, not confirmed by the institution*): the four names held in the system. No description of them is held (R-EGA).
  - Critical and Creative thinker
  - Competent Catholic Augustinian-Marian Professional (short name in the system: "Competent Professional")
  - Socially Responsive Steward
  - Transformative Lifelong learner

IT204-01 · CLO and program outcome

Program outcome (PO)

> Design, implement and evaluate computing-based solutions to meet desired needs.

Course learning outcome (CLO), as written

> Develop and test a web application that meets the requirements of a client.

IT204-01-R1 · Proposed rewrite of the CLO

Proposed text

> Design, develop and evaluate a web application that meets the requirements of a client.

Rating: ☐ Appropriate as written ☐ Acceptable with edits ☐ Not appropriate ☐ Cannot judge

If you cannot judge, why? ☐ Outside my expertise ☐ Insufficient information ☐ Other: _____

Concerns (tick any that apply): ☐ No concerns ☐ The CLO needed no change
☐ Raises the cognitive level more than the course or year warrants ☐ Lowers the cognitive level inappropriately
☐ Changes the course's subject matter or scope ☐ Duplicates or restates another outcome
☐ Adds, removes or changes values or attributes ☐ Adds content the alignment does not need
☐ Removes content the outcome needs ☐ A different remedy would be better (re-map, remove)
☐ Wording, clarity or measurability ☐ Other: _____

Suggested edit or note:

Click or tap here to write.

IT204-01-R2 · Proposed rewrite of the CLO

Proposed text

> Design, develop and evaluate a web application that meets the requirements of a client, testing it against those requirements.

Rating: ☐ Appropriate as written ☐ Acceptable with edits ☐ Not appropriate ☐ Cannot judge

If you cannot judge, why? ☐ Outside my expertise ☐ Insufficient information ☐ Other: _____

Concerns (tick any that apply): ☐ No concerns ☐ The CLO needed no change
☐ Raises the cognitive level more than the course or year warrants ☐ Lowers the cognitive level inappropriately
☐ Changes the course's subject matter or scope ☐ Duplicates or restates another outcome
☐ Adds, removes or changes values or attributes ☐ Adds content the alignment does not need
☐ Removes content the outcome needs ☐ A different remedy would be better (re-map, remove)
☐ Wording, clarity or measurability ☐ Other: _____

Suggested edit or note:
