Part B · NCM 101 Fundamentals of Nursing Practice

Reviewer code: _____ **Date returned:** _____ **Part A returned on:** _____

Before you start

- **Open this only after you have returned Part A.** Your Part A answers stand as you returned them.
- This form lists **30 proposed changes** to outcomes in **10 cases** of NCM 101. Read the Part B reviewer guide first.
- The proposals were generated automatically by the syllabus-checking software while it was being tested. They are in no particular order, and identical proposals are shown once. None of them is endorsed by anyone. Judge each on its merits.
- If you cannot judge a proposal, tick **Cannot judge** and say why.
- Fill in this form in Microsoft Word or on paper, or use the response sheet `NCM101-part-b-responses.csv`.

Course context

- **Course record** (*Synthetic: written for this review*): NCM 101 Fundamentals of Nursing Practice · BSN · year 1 · nursing. See R-CASES and R-CODES in the references.
- **Course description** (*Synthetic: written for this review*): "Basic nursing concepts, patient safety, vital signs assessment, hygiene care and therapeutic communication, with return demonstration in the skills laboratory."
- **Curriculum placement** (*Not held in the system*): The system holds no curriculum, program outcomes or syllabus for BSN. Judge the cases from the texts given and your knowledge of the program. See R-NONE.
- **Program outcomes in this course's cases** (*Synthetic: written for this review*): general wording written for this review, not BSN's official outcomes. Judge them as written.
  - Provide safe, quality nursing care to individuals using the nursing process.
  - Apply the nursing process in providing safe, quality care to individuals, families and communities.
  - Communicate therapeutically with clients and collaboratively with the health team.
  - Apply knowledge of computing and mathematics appropriate to the discipline.
- **Course learning outcomes that the ILOs in this course's cases build toward** (*Synthetic: written for this review*):
  - Perform basic nursing procedures safely using the nursing process on a simulated patient.
  - Assess vital signs accurately.
- **Expected graduate attributes** (*Transcribed: copied into the system, not confirmed by the institution*): the four names held in the system. No description of them is held (R-EGA).
  - Critical and Creative thinker
  - Competent Catholic Augustinian-Marian Professional (short name in the system: "Competent Professional")
  - Socially Responsive Steward
  - Transformative Lifelong learner

NCM101-01 · CLO and program outcome

Program outcome (PO)

> Provide safe, quality nursing care to individuals using the nursing process.

Course learning outcome (CLO), as written

> Compute the derivative of polynomial functions.

NCM101-01-R1 · Proposed rewrite of the CLO

Proposed text

> Perform basic nursing procedures safely on individuals using the nursing process on a simulated patient.

Rating: ☐ Appropriate as written ☐ Acceptable with edits ☐ Not appropriate ☐ Cannot judge

If you cannot judge, why? ☐ Outside my expertise ☐ Insufficient information ☐ Other: _____

Concerns (tick any that apply): ☐ No concerns ☐ The CLO needed no change
☐ Raises the cognitive level more than the course or year warrants ☐ Lowers the cognitive level inappropriately
☐ Changes the course's subject matter or scope ☐ Duplicates or restates another outcome
☐ Adds, removes or changes values or attributes ☐ Adds content the alignment does not need
☐ Removes content the outcome needs ☐ A different remedy would be better (re-map, remove)
☐ Wording, clarity or measurability ☐ Other: _____
